Dear Richard

RE: HORSHAM LAUNDRY

- 8 MAR 2018

Further to successful completion of the flat roof replacement project at Horsham Laundry I wanted to express thanks from both myself and James Nugent for a job very well done.

Not only were the works executed to the highest standard of workmanship but also with exemplary regard to health and safety on what as you know was a very busy industrial site.

James's business operation was in no way affected by the works and this is a testament to the conduct of your team on site.

I look forward to working with you again

Thank you

Yours sincerely
